

LEGAL NOTICE

TO: _____ DATE: _____

Pursuant to the provisions of the Oviedo European Convention of 4 April 1997 for the Protection of Human Rights and Dignity of the Human Being with regard to the Application of Biology and Medicine, the Nuremberg Code on Medical Experiments and the International Covenant on Civil and Political Rights, I exercise my right to refuse to receive or administer the injection of experimental gene therapy which is known as the "Covid-19 vaccine".

Serious violations of the above-mentioned provisions, in particular of the rules adopted by the Nuremberg Code on Medical Experiments, are classified as crimes against humanity, punishable in various countries up to life imprisonment or even a maximum penalty of death. It should be recalled that in the recent history of humanity, both the perpetrators of the crimes described in the Nuremberg Code and their accomplices have been tried, convicted and in some cases even executed.

I hereby expressly notify you that any action you take to coerce, intimidate, persuade, mislead or compel me to receive against my will any injection of experimental gene therapy (Covid-19 vaccine) or any other medical device, drug or procedure implies that you are aiding or abetting crimes against humanity. If you commit such an action, I will reserve my right to file a criminal complaint against you at the nearest police station or prosecutor's office. I have not entered into any agreement with you in any way regarding any medical procedure and expressly reject any contractual relationship with you.
